INDEX

ORIGINAL COMMUNICATIONS

A

A Case of Double Otitis Media Purulenta Chronica, with Extradural and Intradural Abscess; Extensive Exploration of Brain, Double Exenteration; Recovery with good hearing—Leland, G. A. 199

A Case of Paralysis of the Left Vocal Cord Caused by Peritrachial Tumor—Chenery, W. E. 40

A Case of Primary Tuberculosis of the Fauces, Posterior Pharynx and Palatal and Lingeal Tonsils, Cured by Tuberculin Injections—Winslow, John R. 849

A Case of Suppurative Middle Ear Disease, with involvement of the Labyrinth Limited to the Right Cochlear Portion and to the Left Vestibular Portion—Boot, G. W. 233

Accessory Sinuses, The Orbital Route to the—Fridenberg, Percy 604

Acoustic Nerve, Functional Paralysis of the—Stubbs, F. Gurney 4

Acute Attic Suppuration, with Hernea of the Drum—Head Leading to Transcient Labyrinthitis—Gradle, H. 791

A Further Study of Laryngeal Neoplasms in America—Davis, J. Leslie 28

A Large Calculus from Wharton's Duct—Johnston, Richard H. 51

A Modern Mikulicz Operation Whereby the entire lower Turbinate is Saved in Intranasal Operations on the Antrum of Highmore, With Presentation of a Patient—Sluder, Greenfield 904

A Modified Tonsil Snare—Noyes, John R. 239

An Abundant Meatal Flap for the Radical Operation — Whiting, Fred. 561

Anatomical Structure and Relationships of the Labyrinth in the Reptile, the Bird and the Mammal. An Investigation on the—Gray, Albert A. 161

Angina, Vincent's—Arrowsmith, H. 340

Antrum of Highmore, With Presentation of a Patient; A Modern Mikulicz Operation Whereby the Entire Lower Turbinate is Saved in Intranasal Operations on the—Sluder, Greenfield. 904

An Instrument Which Facilitates the Removal of the External Nasal Wall—Bishop, C. W. 848

An Investigation on the Anatomical Structure and Relationships of the Labyrinth in the Reptile, the Bird and the Mammal—Gray, Albert A. 161

An Unusual Case of Chronic Antral Suppuration—Butt, William R. .. 863

A Report of Five Cases of Thrombosis of the Lateral Sinus, with Recovery Bearing Upon the Diagnosis and Prognosis of this Affection—Friedenwald, Harry .. 13

A Resumé of Same Work on Infection Through the Tonsillar Crypts—Wright, Jonathan 321

Arrowsmith, H.—Vincent's Angina 340

Arrowsmith, H.—Black Hairy Tongue—Hyperkeratosis Linguae 544

Artificial Illuminants in Laryngoscopy—Morrison, A. Cressy 112

Asthma Following Operative Measures in Ethmoiditis—MacPherson, Duncan 295

Atrophic Rhinitis—Large, Secord H. 230

Attic Suppuration with Hernia of the Drum—Head Leading to Transient Labyrinthitis, Acute—Gradle, H. 791

Antral Suppuration, An Unusual Case of Chronic—Butt, William R. 863

Aural Cellular Spaces—A Comparison—The Present Status of Surgical Treatment—Of Chronic Suppurative Disease of the Nasal and of the—Reik, J. N. 823

Aural Disease, Nasal and Naso-Pharyngeal Conditions as Causative Factors in—Leland, G. A. 721

ORIGINAL COMMUNICATIONS.—Continued.

Aural Concepts: A Review of v. Cyon's Theory of the Labyrinth. Space and Time as—Fridenberg, Percy 761
Aural Disease, Nasal and Naso-Pharyngeal Conditions as Causative Factors in—Pierce, Norval H. 732
Aural Disease, Nasal and Naso-Pharyngeal Conditions as Causative Factors in — Kyle, D. Braden 737
Aural Lesions, Facial Paralysis Due to—Wishart, D. J. G. 832
Aural Suppuration, The Heath Operation for Chronic—Ellet, E. C. 567
Aural Surgery. Some Remarks on—Campbell, Dan M. 102
Auricle Treated Successfully by Injection of Fifty Per Cent Alcohol. Perichondritis of the—Gifford, H. 320

SOCIETY PROCEEDINGS.

American Laryngological, Rhinological and Otological Society ... 955

Chicago Laryngological and Otological Society— 69, 144, 321, 388, 473, 707

A Case of Suppurative Middle Ear Disease With Involvement of the Labyrinth Limited to the Right Cochlear Portion and to the Left Vestibular Portion—Boot, G. W. ... 146
Acute Attic Suppuration With Hernia of the Drumhead, Leading to Transient Labyrinthitis—Gradle, H. ... 473
Cavernous Angioma of the Buccal Cavity—Good, R. H. ... 314
Demonstration of a Foreign Body in the Esophagus Removed by Esophagoscopy—Stolte ... 144
Early Immunization, the Essential Function of the Tonsil—Good, Robt. H. ... 392
Laryngeal Case for Diagnosis—Fridenberg, S. A. ... 314
Preliminary Notes on Bone Conduction—Andrews ... 148
I.—Radiograms of the Mastoid Region and the Interpretation of the Same; II.—Interpretation of the Radiograms of the Nose and its Accessory Sinuses—Beck, Joseph C. ... 711
Report of a case of Rhino-scleroma—Friedberg, S. A. ... 312
Sheet of Directions Given the Patient After Tonsil Operation, Including the Treatment of Post-Operative Hemorrhage — Pynchon, Edwin ... 396
Symposium on the Relation of Sinus Disease to Diseases of the Eye ... 69
Traumatic Dislocation of the Nose and Upper Lip—Ballenger, W. L. ... 312

New York Academy of Medicine— 52, 132, 302, 372, 446, 546, 623

A Case of Laryngeal Carcinoma; Laryngectomy After Twelve Years' Observation—Smith ... 52
A New Laryngostroboscope for Observing the Separate Vibrations of the Vocal Chords—Scripture, E. W. ... 310
Angioma of Tonsil—Berens, T. P. 309
Asthma Following Operative Measures in Ethmoiditis—MacPherson, Duncan ... 306
A Study of the Anatomic Relations of the Optic Nerve to the Accessory Sinuses of the Nose—Loeb ... 57
Case of Angiosarcoma Removed—Mackenty, John E. ... 448
Case of Aphasia—Freudenthal, Wolff ... 372
Case of Atrophic Rhinitis Dependent on Ethmoiditis, With External Operation on the Ethmoid—Harris, T. J. ... 548
Case of Bilateral Abductor Paralysis Following Typhoid Fever. Case of Bilateral Abductor Paralysis Associated with Tabes—Freudenthal, Wolff ... 446
Case of Hyperkeratosis Linguae (Black Hairy Tongue)—Arrowsmith, H. ... 377
Chronic Stenosis of the Larynx Requiring Permanent Use of Tube, Overcome by Dilatation—Delavan, D. B. ... 453
Case of Hysterical Aphonia—McCoy, John ... 372
Case of Peculiar Affection of the Lingual Tonsil — Freudenthal, Wolff ... 374
Case of Ulcerative Pharynx for Diagnosis—Leshure, J. ... 376
Chronic Suppuration of Frontal Ethmoidal and Sphenoidal Sinuses in Right and Left Nares; Radical Operation, Both Sides—McCoy, John ... 556
A Clinical Diagnosis and Operative Procedure from the Standpoint of the Laryngologist——Jackson, Chevalier ... 623
Closed Empyema of Ethmoid and Frontal Sinus with Unusual Symptoms; X-Ray Plates; Killian Operation—McCoy, John ... 555
Coin Removed from Esophagus—Mac Pherson, Duncan ... 453
Cystic Accessory Thyroid Gland at the Base of the Tongue—Corwin, T. W. ... 551
Demonstration of Three New Instruments for Tonsillectomy—Hurd, Lee Maidment ... 379
Dentigerous Cyst—Harris, Thomas J. ... 449

SOCIETY PROCEEDINGS.—Continued.

Dentigerous Cyst, Report of a Case—Harris 132
Dyspnea Caused by Foreign Body in the Larynx, Treated by Direct Laryngoscopy—Harris, T. J. 546
Edema of the Tonsil and Pharynx, Condition Two Years After Dawharm's Operation for What Was Considered at the Time to be Inoperable Epithelioma——Smith, Harmon 553
Empyema of the Frontal Sinus, Treated by the Open Method, Without Entering the Nasal Chamber—Harris, T. J 547
Fibroma of Naso-Pharynx, Apparently Inoperable, Treated by Injections—Dr. Coffin for McCullagh, S. 305
Gumma of the Left Vocal Cord—Harris, Thomas J 451
Histological Diagnosis and Pathology—Wright, Jonathan 623
Laryngectomy for Carcinoma Specimen, Method of Artificial Voice Production—Gleitsmann, J. W. 302
Leucoplakia—Douglass, Beaman .....
Mycosis—Abraham 456
New Instruments for Tonsilectomy—Hubbard, E. V 380
New Operation for the Relief of Obstruction of the Anterior Nares—MacKenty, J. E 552
Observations on Some Unusual Cases by Frontal Sinusitis—Hurd, L. M 556
Operative Procedures from the Standpoint of the General Surgeon—Brewer, Geo. E 623
Partial Laryngectomy for Epithelioma of the Larynx; No Recurrence in Eleven Years—Delavan, D. B 456
Presentation of a Combination Snare for Intranasal and Tonsillar Work—Abraham, J. H 560
Scleroma of the Upper Respiratory Tract, With Report of Two Cases; Rhino-Pharyngo-Laryngo-Scleroma and Rhino-Pharyngo-Scleroma (Vaccine Treatment)—Guentzer, J. H 457
Some Affections of the Oral and Nasal Cavities Which are Related to Skin Diseases—Fordyce 134
Specimen of Lung Showing Rubber Tubing in Right Bronchus for Four Months Prior to Death—Voislawsky, A. 386
Symposium Eruptive Conditions Manifested in the Nose and Throat, Their Consideration 134
Symposium on Intra-Laryngeal Carcinoma 623
The Orbital Route to the Accessory Sinuses—Fridenberg, Percy 556
Three Cases Operated Upon for Cancer of the Larynx—Brewer, Geo. E. 623
Two Cases of Unusual Hyperplastic Soft Growths of the Septum Nasi—Myles, R. C 548
Tonsillectomy; A Simple Operation—Yankauer, Sidney 379
Total Occlusion of the Posterior Nares—Freudenthal, Wolff 549
Vincent's Angina; Report of Three Cases—Arrowsmith, H 378

Toronto Academy of Medicine— 152, 627

Etiology of Nasal Polypi—Brown, Price 157
Hyperpyrexia and Death After Tonsillectomy—Wishart 152
The Toilet of the Tympanum and its Relation to the Success of the Radical Mastoid Operation—Royce 158
The Treatment of Chronic Suppuration in the Maxillary Antrum—McDonagh 155
Cases Shown by Goldsmith, Percy D. 627
Cases Shown by Wishart, Gibb 627
Synopsis of Paper Upon "The Larynx in Voice Production"—Davies, Alexander 631

Society Meeting—

The Second International Laryngo-Rhinological Congress; Held at Budapest, August 28 to September 4, 1909 795
The Eighth International Otological Congress 796

ABSTRACTS,

A.

A Case of Severe Intoxication During Cocainization of the Trachea in a Patient Having an Intra-Tracheal Goitre—Frey, M. G..... 159
A Contribution to the Study of the Endocranial Complications of Middle Ear Suppuration—Huttig 679
A New Method of Treatment of Acute Tonsillitis—Dr. Hahn..... 487
A Third Case of Paralysis of the Abductor From Purulent and Acute Middle-Ear Otitis—Tommasi, L..... 622
Af. Forselles, A.—Resection of the Inferior Tubinated Bone..... 198
Alexander, Oscar—The Use of Sublamine in Ear Diseases..... 216
